AYURVEDA

Experience the ancient wisdom of Ayurveda, the knowledge of life and longevity, in its purest form at our divine spa.
Ayurveda, a holistic philosophy, delves beyond the physical realm to address the mental, emotional, spiritual, and environmental aspects of well-being. This unique approach sets Ayurveda apart as the oldest existing body of knowledge concerning the healing process.
In the Ayurvedic tradition, health is synonymous with happiness, while disease is viewed as sorrow. The ultimate goal is to attain "Sukha" - a state of true happiness and to prolong a state of bliss. Central to Ayurveda is the concept of balance in body and mind. This equilibrium is achieved by restoring harmony among the three elements: Vata (Air), Pitta (Fire), and Kapha (Earth). Everyone possesses a unique body constitution based on these elements, which influences their ideal dietary and lifestyle choices for maintaining balance.
Our Ayurvedic doctor can tailor treatments and health programmes to meet your specific needs and composition. We source all essential pure oils from India, carefully blending them here at Maradiva to create a truly authentic experience.
Immerse yourself in the transformative power of Ayurveda as it awakens your senses, rejuvenates your soul, and brings balance to every aspect of your being.
